BE▲CH H▲CKS

APRIL 2-3, 2016 @ CSU LONG BEACH
400 HACKERS. 24 HOURS.

BE▲CH H▲CKS
CALIFORNIA STATE UNIVERSITY
LONG BEACH

SPONSOR INFORMATION

What is BeachHacks?

BeachHacks is the first California State University, Long Beach hosted hackathon which will be hosted in our **University Student Union** for 24 hours on April 2nd - 3rd, 2016. BeachHacks will be attended by **400 hackers from our school and dozens of others**. This groundbreaking 24-hour programming session calls to the next generation of hackers, providing them with the community and resources to **plan, design, and execute** innovate products from scratch!

What is the BeachHacks vision?

Our goal is to kickstart a **new hacker community in Long Beach** by inviting talented next generation hackers to share in the hackathon experience and learn from more experienced hackers.

Why Sponsor BeachHacks?

Our event offers multiple worthwhile opportunities for our sponsors:

▲ Introduce your branding to our attendees! Hackathons run on swag! This will provide **general brand exposure.**

▲ Think projects speak louder than words? Find project proven hackers to **recruit** for your internships and jobs!

▲ Introduce your new product or API/developer ecosystem to the perfect group to use it! Our hackers will use your product and **provide instant feedback!**

Still have questions? Not quite sure BeachHacks is what you're looking for?
Email us at sponsorship@beachhacks.com and we will be happy to have a discussion about how we can make sponsoring BeachHacks fit your company's needs!
